

AMOS YOUTH CENTRE

My name is Chileshe Mubanga, I am a boy aged 16 years. I live in Shikwe but before we came to Shikwe we were living in Lusaka when my father died that's when we came to Shikwe. My father died when I was in grade one (1) after the burial my mother decided that we should go and stay in the village but my grandmother said that me, I can't go to the village. She took me and we started living together, but still the life we are living is not good. When I reached grade seven I wrote the exams and passed, but when time of opening schools I just stayed, my grandmother was looking for the money so that I can start going to school but it wasn't for her to find the money for me to go to school. So now I am in grade nine I haven't yet paid. In 2006 I heard about Amos youth centre that it is helping the people who are willing to learn and I found that it's true Amos youth centre is doing it. I am saying thank you for your sponsorship you have started to give us. I thank you Amos youth centre for starting sponsoring me and helping me to learn about HIV and AIDS. School is important because when I'll finish school I can become a better citizen and start caring for my self and help others who ^{will} be in need. Thanks for your support to us and thank you for the soft and biscuits for this day, may God continue blessing you.

Yours faithfully
Chileshe Mubanga.
