Zambia,

27<sup>th</sup> January, 2007.

Dear Sir/Madam,

My name is James Nkwere. I am a Single boy aged 16 years old. I am in Grade eleven at Kabre Day High School Board. I am a Single Orphan, my father died when I was in Grade seven in 2003, my mother from that time she has been <sup>off</sup> distant.

What usual happens is that whenever I go to school I am moved out of class due to lack of money for I usually do some piece work to pay for the school fee by the way. My mother is Michael and she age 45. It so happens when I heard about Amos youths centre it was last year 5<sup>th</sup> October 2006.

Right now I'm about to finish school. We started our examination hoping to go to college or university. Because the money which my mother raises at the market is not worthy while to pay for me at college or school fee.

The family of my father abandoned us thinking that we shall not grow. But God is always there for every one. man can abandon someone but God will never forsake or abandon any body as long as you trust and believe in him.

So please if you can help or find me any one who can help me with money to go to college, university or school fee so that I can finish the school. My dream have always been to become a lawyer or manager one day but it's like poverty wants to deprive me of my dream.

I am so highly appreciated for brought a Amos youth centre I found them enrolling. I thank to them for the enrollment.

Coming to the main point why school is important to me. School is important for it's the key to every one's life. Education is every one's future. I can not read, write if I am not educated.

Yours faithfully  
JAMES NKWERE
