

My name is Silvester Chikaste Mwangi. I was born on 23rd December 1987 and I am doing grade 11 at Njoro High School. I live in Kafue estates with my unnie, but she can not afford to pay my school and school requirements. I have come to know Amos Youth Centre who have been so helpful to the orphans and vulnerable children. Amos Youth Centre is helping me at reaching the highest levels of education through computers, school library and sports.

I am really very grateful for your support in the areas of sponsoring orphans. May the almighty God bless you in abundance. Thank you very much for your support.
