(AEP) AFRICAN EDUCATION PROGRAMME.  
REF: APPLICATION FOR SPONSORSHIP.

I am a boy aged 14 and I am doing my grade 7 at Shikoswe Basic School. But as at now I am preparing to write my grade 7 final exams to go to grade 8 which is next year 2009. And by this time I live with my mother and my 2 sister and 2 brothers. I am the fourth born in our family. Our family live in Shikoswe district which is in Kafue. Back to me what I like is reading story books and other important books that we usually use at school. But I am also experienced in other sports such as football and athletics but the most thing that I like is reading and what I like about me is that I've got a good memory. I don't forget things so easily. The subjects that I like are maths, English, Science, and Social Studies and why I like these subjects I just want to become somebody in future, for instance an accountant. Back to the center I became a member of Amos Youth Centre in July 2009. And what I like about the same centre is reading story books and other important books. I also like the people of Amos just that they are generous and they are willing to help. I also thank Mrs Banda and Aunt Dorcus for giving me the opportunity to write this application letter for sponsorship and I thank the people of Amos for being so kind. Finally I promise that I will not disappoint you. Greetings to you all, I thank you in advance and may God bless you all.
