

Dear AEP,

My name is Chabala Singini, I live in Shikoswa. I am the first born in the family of four (4). I am doing my grade-eight (8) at Holy Saviour Community School, here in Kafue. I had my father, but he passed away in 2004. I live with my mother and my grand mother.

Sometimes they chase me from school, because my mother does not work. So she does not afford to pay the school fees. That is why I am requesting for a sponsor, because I don't have anyone to support me to school.

I am applying to you requesting for a sponsorship, so that I finish school. I will be very happy if you can sponsor me so that I finish school and help my family and other people in the society. I will be happy if you sponsor me ^{starting} next year when I will be ~~in~~ doing my grade nine (9) in 2010.

Yours faithfully,
Chabala Singini.
