Dear Sir / madam

My name is Esnat Christine Banda. I live in Kafue district Shikoswe compound. Both my parents are alive but am living with my father and my stepmother. My dad divorced my mom seven (7) year ago when I was about 6 six year old.

My father works at an industry called N.C.Z (Nitrogen Chemicals of Zambia), but though he is working it is difficult for him to find us in ~~terms~~ terms of education. We are in my family and am the fourth born. I have two sister and three brothers (the first born is (Bridget 20 year old doing Grade 10) (the second born was a boy supposed to be 18 year but it's unfortunately he past away in 2006) (third born is Lidah 16 year old doing Grade 10 also) (4th the age of 13 year) then fifth born is Jackson doing grade 4 age of 10 and the last in my family is Noah doing grade 1 age of seven. Beside that have also three half brother on my father's side names Kevin age of 16 years doing grade 5 (five) Moses age of 7 seven doing grade 2 and devison age of five who is doing Preschool.

My problem is that my father is not finding it easy to pay our school fees because his pay only fit for three children's school fees and this also causing a serious problem for our standard of live, and for this I can be happy if my letter can be consider.

Your's Faithfully

Esnaik Banda.
