

DEAR AEP.

My name is JOE KASONDE I come from the family of KASONDE and I am doing grade eight at SHIKOSWE basic school and I go to school every day so that I can make in grade 9 next year and start a good job when I grow up and when I finish school I want to start a good so that I can help my family and the most subject I ^{like} is history it talks about the past events. The main point of writing this letter is that I need sponsorship and my uncle does not have ~~money~~ money to pay for school fees and school shoes and money to buy school & uniform and we are sick of AS in our family.

Application for 2010 Sponsorship; I am kindly asking for any one, anywhere to be my beloved sponsor I will be thankful enough if some one will inseat to be my sponsor and I will be so grateful because I have no one to pay for my school fees my mother and my father past away some time back and one thing I would not like in life is stopping school at my early age. As our grand parent say education is the key to success as I know for I will be the tomorrow leader.
my last words but not ^{the} list is that let the spirit of our Lord JESUS christ be with you all Amen.

YOURS
faithfully

JOE KASONDE

Ame
