

Dear A.E.P

I am here by applying for sponsorship. My full names are Moses Kamuti Simasika. I am aged 19. I am among the five who were given sponsorship by the government.

I am a single orphan, my father died when I was at the age of 9 in 1999. When I reached at the age of 10 in 2000. The younger brother to my father came to the village where I was living and he had compassion of me because of the way we were living. I am among the family of 4 and am the ~~second~~ third born.

~~Among~~ <sup>Among</sup> the family of 4 no one <sup>who</sup> was going to school and that is the reason why the younger brother to my father came to the village and took me to the town. Upon reaching in the town he started saying me I started education at the age of 15, so even you, you will start ~~at~~ later. So after some time the younger sister to my mother heard that and she came and took me to Kafue where am living right now. So she arranged everything and that's how I started grade 1 at Community school in 2003. Here their first <sup>born</sup> ~~one~~ we were going with him at same grade and when we wrote grade seven (7) final examinations all of us we passed, so the family faced financial problems and they applied to social welfare.

for me to be sponsored and they accepted me  
So after writing our grade nine (9) final exam-  
ination and again all of us we passed, that  
was in 2008. By this time the social welfare told  
me that we have stoped sponsoring. ~~And so~~

And so my friends started telling me that  
there is an organisation by the name of Amos  
youth Centre which sponsors. And that's how in  
March, 2009 I came to this organisation.

I will be grate grad if my application will  
be considered, God bless.

Yours Sincerely

~~Amos~~

MOSES Kamuti Simasiku
