Dear Sir/Madam

REF: APPLYING FOR SPONSORSHIP FORM THE AEP.

My name is PHALESS SAILI and am a Zambian female aged 18, and am doing my errade ten at Nwabaye High School in Kafue, and I come from a big family of the SAILIS, I call it a big family because we are ten in the house and the good thing of it all is that we the ~~all~~ children go to school but.....

The thing is that am in school ~~but~~ and my hobbies are dancing, making new friends and swimming and am a cool girl. I love and like people who are helpful, caring and loving and I hate people who are selfish and heartless. Well I know that you are not kind of a person and I think that ~~you~~ you are kind and loving. I live with my aunt who provides shelter, food and used to pay my school fees but now she is jobless, she can only provide food for the family, and I don't want to stop my education. Please help me with my school. I was told ~~me~~ by my friends that there is AYC where they help poor people like me and I started coming at AYC with my friends to study. and the most thing that I like about the AYC is that I have ~~people~~ people to help me. I go to school and it far from where I come from and I come back ~~to~~ I have to do the house clearing, cooking and other jobs so my studying time is not enough. I pray that God may help me to start at a boarding school where I will have study time, maybe in grade eleven(11) next year. I love the white people because the help, and they helpful like the ones that comes that the center are good and loving. The and ~~we~~ I will be patiently wait for your ~~re~~ response.

yours  
faithfully

PHALESS SAILI
