Dear A.E.P

REF: APPLICATION FOR SPONSORSHIP.

With the reference to the above mentioned title, I am a Zambian male aged 17 year old. I am Richard Sitali, I am in grade Eleven at Naboye high school in Kafue district (Zambia).

At school I take seven subjects which includes mathematics, Geometrical and mechanical drawing (G.M.D) and English. During my school time I do a lot of study and research on new things. During our mock examination I managed to get eleven points which I feel is as a result of poor studying environment.

To my life affairs and family, we are four in our family 3 boys and one girl. Currently I being looked after by my brother who is a police man. I am a single orphan who depends on my brothers salary. Zambia being one of the developing countries, my brother is unable to pay for my school fees and other expenses. I am a Christian who believes in God and understands his words. If only you can help me, I will be released.

Your consideration will be highly appreciated.

Yours faithfully  
Richard Sitali
