

Dear Sir,

First of all I would like to pass my greetings to you <sup>to say</sup> How are you, hope and trust that the almighty God is protecting and keeping you.

Coming to the main point that I have written this letter of sponsorship to you is that I am a girl aged 19 years Tandive Hamoonga doing my grade ten (10) at Basope High School. I am ~~looking~~ <sup>waiting</sup> for sponsorship and you to help me in terms of school fees. I am in a family of six (6) girls, my mother is single so she cannot afford paying school fees for us because we are many and because of some school fees are expensive for her to pay. So since I have seen that she cannot afford, I have decided to ask help from you because the bible say if you ask you will be given, so I am asking in the name of Jesus Christ who died on the cross for help all people of God because I depend to Jesus Christ and to you only.

When I was in grade eleven and eight some past years, I was the first girl in my class and when they have stopped paying for me, things became so hard and so I was ~~ex~~ <sup>ex</sup> ~~cluded~~ <sup>cluded</sup> out from school because of school fees. I stayed home for 4 months without going to school. So that is when my mother started looking for some piece of work until the money for school fees was ~~not~~ <sup>not</sup> ready and I missed so many things when I was at home such as I even found difficult for me to start copying notes and even give explanation because explanation is important in your school, now because of school fee that I can't pay it has been so become so difficult for me. My siblings are, CHRISTABEL, NAOMA, SPEAKER, MARGARET and MARGARET. The first born is SPEAKER who completed school in 2009, CHRISTABEL who is the second born and she is in grade 11 at Basope school who is in grade 8 at Holy Baviour Community, and MARGARET at Holy Baviour grade 4 and MARGARET in pre school. So my mother cannot afford to do everything for us and she is not working. So please people of God, I beg you in the name of Jesus Christ help me. I will be happy if my application will be <sup>con</sup> ~~con~~ sidered.

Yours sincerely

Tandive Hamoonga
