RE: APPLYING FOR SPONSORSHIP TO COLLEGE

With the above statement, am here applying for sponsorship to college.

My name is Thomas Muleba, age 23, am the only one in my family. My mum died when I was 5 years old and died when I was 11 years old.

After losing my parents, I was taken by my uncle ^{who} ~~with~~ I completed school in 2006 and ^{am} still staying with him.

I have been accepted to college next year to do marketing but the problem is that I don't have sponsors. My uncle is he is unemployed and we are 10 at home which is very difficult for me to even complete my college. Am the only hope the family have after I complete school. I don't want to continue suffering in my life. I want to have a better job so that I can help others too.

~~I would be very~~

Yours faithfully

Thomas Muleba
