

To African Education program

Dear Sir/Madam.

My name is Mapalo Faith Cham I am 14 years old, doing my Grade nine at De Moya Secondary School in Lusaka.

I would like to apply for sponsorship because I currently do not have any one to pay for my education. My parents got divorced, then my father remarried his wife persuaded him to stop paying for my school fees. This has made my life very difficult because his wife mistreats me and he does nothing to stop her. She is very rude and often discourages me. She make me feel like I am not worthy to be alive. She actually decreases my faith.

I have heard a lot about AEP and how you are helping the youths around the world and I am hoping you can help me. I will be very grateful.

Yours

Sincerely

Mapalo Faith Chams.
