

Dear ~~THE~~ AEP

## Application For 2010 sponsorship.

My name is Andrew Samutumwa, I live in shikoswe, and I live in Family with two brothers and two sisters. My father is not working. He was working now he retired. He was working at African textile of Zambia. My mother is not working. at school I am doing not so bad and my favourite subjects are history and geography.

I am kindly asking for anyone to be my sponsor for 2010 sponsorship applications and I will be thankful enough if anyone will be my sponsor. I have no one to pay my school fees. The one who was paying my school fees was my father but now he can't manage because he retired from textile. I notice that there is a place in shikoswe which the Namouralole children, the orphans and the needing children which is the Amos Youth Center under the African education Programme. So I decided to apply. I knew about this place through my friends and thought this is the place where I can be sponsored.

My last words but not last is that I am kindly asking for somebody, anybody, anywhere to be my beloved sponsor and I will be thankful and grateful to have a sponsor, but let the spirit of our beloved Jesus Christ be with you Amen.

Yours Faithfully

Andrew. Samutumwa.
