Dear AEP

I am a girl aged 12 and I was born in 1995. Am looking for a sponsorship. I am doing my grade 6 at Shikoswe Basic School. I passed Number One (1). I stay in Kalundu view my parents doesn't work. Both of them are farmers. They depend on the crops they harvest. We are 8 in our family the first born completed in 2000 and he is now working at ZAF. Although he is working there he can't afford to pay for me. He is married so he look after his childrens. The other brother of mine completed his education last year but he is not working due to lack of money. We are four sisters and four brother. Two of my sisters are married and one is now in grade nine (9) next year in grade ten (10). I am the second last born in my family and our last born is doing his grade (3) three and he is 10 years of age. I have been at Amos Youth Centre in September 2009 my friend just told me that at AYC there are sponsors who can sponsor you when I started coming here to study and read various books. I enjoy being at AYC. I go to school around 11:00hrs and knock off around 17:00hrs. When I ~~grow up I want~~ <sup>complete my education</sup> I want to be a doctor, that's my dreams and option.

Yours Faithfully

Monica
