

APPLICATION FOR SPONSORSHIP

My name is Anthony Sisona aged 18 I was born in a family of 4 boys and three girls and am the second born. AM writing this letter to the African Education Programme (A-E-P) asking for sponsorship. I am doing my grade eleven at Matabele High School, I will be completing my grade 12 next year.

And am single. My main problem is I have nobody to pay for a casual worker. My school fees for me. In the past years I had to do some piece works in order to raise my school fees but this time I can't because next year I will be writing my exams and I need enough time to study and prepare myself. My friend at his mother's place.

The first time I was introduced to AMOS Youth Centre I was very happy because I had seen great knowledge and indeed the grace of God. Am saying this because it has really helped many children & young people in terms of protecting youths from involvement in dangerous activities and it has also provided a second chance for youths to education by sponsoring them and providing a place for studying and studying materials.

My hobbies are making friends, reading novels and soccer and my club is in division 3 by the name of Skosi Football Club. Finally I would like to thank you people who are helping in the survival of this project, may our almighty God protect you and add more years to your lives. Thank you.

Yours faithfully  
ANTHONY SISONA
