

## Application For Sponsorship

My name is Eiya Banda. Am a boy aged 13 years of age.  
Am a single orphan. am doing my seventh grade at Chini school.  
I am asking your good organization  
to help me further my studies by sponsoring me to a grade eight  
next year. I am very bright as you can see my school report for all  
my three terms. I am very sure of myself.

When I finish my  
education I would like to be a Scientist and put an end to global  
warming which destroys most of the ozone layer which protect us  
from the suns direct rays. or become a social worker and help many  
vulnerable and poor people in my community and country at large.  
I have a lot of big dreams and only your help can make them come  
true.

Thank you for the center at amos and the library. your work  
is greatly appreciated here and a lot of people are benefiting from it.

Yours affectionately  
Eiya Banda
