

Dear A.E.P

R.I.E: APPLICATION FOR A.I.E.P SPONSORSHIP

My name is Hastings Munsanje. I am 16 years of age, I am a pupil at Kafue day High School. I am a last male born in our family. We are six in our family and I am the only boy in the family. My sisters haven't completed school, they all got married in the village.

I am here by asking for sponsorship in the year 2010. I will complete my Senior Secondary level next year. I am a single orphan, who cannot manage to help others in the days to come. I am here by asking from you, so that I will also have destroyed and I don't know how I can express, since education is the key to success.

Even if I have some difficulties in accommodation, but still I work very hard in order that I don't stop schooling, due to that problem. For that reason I strike a blow and die and the whites "says" suffer now and enjoy later. It is my role to work very hard to build my foundation and become someone in the future, if God continue give us life. It's myself to build my solid foundation or to destroy it. If this opportunity will be given back to me I hope and trust you will be impressed with my coming results for my own benefits.

Finally may the will of our heavenly father be done. I will be very grateful if my application will be considered.

yours faithfully  
Hastings Munsanje
