

My PROFILE

My name is Shadrack Jones Sinkala, I am a Zambian citizen aged 29 years. I am a male who is still in secondary school at Malundu school going in grade 12 the following year i.e 2008.

I am a member of the Amos youth centre who does any task when ordered by the eminent person at Amos youth centre. What I do most is cleaning at AYC and packing books.

I am a double orphan who lost his parents: Mother and father in 1992 and 2003 respectively. I stay with my grandmother in a rented house in Kafue (Shikosiwe). She is old and can not afford to sponsor me but in God's mercy we found ourself surviving through peasant farming.

Please, I am kindly asking for sponsorship from you people of God. Help me to fulfill my dreams as stated on the other paper (African education programme). I promise that I won't just waste the money but to achieve something. In my ^{school} report book, I never did well for the third term because I was sent out for not paying the school fees. The one who was sponsoring me had stopped because he is going back to Italy (A Roman Catholic father: father Antonio). I will be in grade 12 in 2008 and I am lacking the school fees and the examination fees. I will have many things to say if I meet my sponsor.

Finally, I will be very delighted to attend the interviews once called upon. Your acceptance will be highly appreciated.

Thanks.
