I am also couraging those who donot know the organisation to seek for the A.E.P because it is very helpful to the need in our community. I was at Newboy High school, that is where I completed, am now waiting for my results which are come out next year. But befor that am asking for sponsorship so that I can do a simple course. At ST. AMBROSE. I want to do CATERING because it is the job that it will help me to achieve my goals in future.
