

-APPLICATION LETTER FOR SPONSORSHIP

Dear AEP

My name is Beatrice Lukwesa, I am doing my grade 11 at Kafue day high school, I am the second born in the family of four. I have one brother and two sisters. My elder brother stopped school when he was in grade 4 and now he is staying with my grandmother in the village. For me from grade eight up to grade nine my father was supporting me because in basic schools, school fees is not very much expensive as high school and he was supporting me through piece of work. He has no job and we only survive through the power of God.

I am an active member at AYC since 2008, I found out about Amos youth centre through my friend to whom I was complain about the problems that I am going through and I was interviewed and I was accepted and now I am a happy person.

I am kindly asking for sponsorship and I hope and trust that you are there for us, I will be very glad if you accept me and I really want to be educated because education is the only way to a better life.

Yours

Faithfully

Beatrice

Lukwesa
