

Application for Sponsorship

My name is Miniva Mwaka, I am a double orphan aged 16. In the third born of four, two brothers and two sisters. Doing my seventh (7) grade, at Holy Saviour Community School. Next year I will be doing my eighth (8) grade, I am living with my elder brother. I am an active member at Amos Youth Centre. I come at A.Y.C since October 2004. I come at A.Y.C because I like the activities done there. e.g drama, cultural dance. even the youths there are friendly and are able to share good ideas.

I need your sponsorship so that you can help me complete my education and become a good citizen in future and develop my country. So that I can help those who are poor and poor orphans.

My dreams are becoming a member of African Education program and help other youths. or to become a nurse helping other people and saving their lives.

I spend most of my times in singing gospel music and reading story books. I do this because I want to learn more things in my free time. I also like sports like net ball, football and basket ball. I prefer net ball than any other sport.

good bye

God bless you

Yours faithfully
miniva mwaka.
