Dear Sir/madam.

Application for sponsorship.

My name is Rodgers Bweupe, I am 18 years of age who is currently living in Shukoswe. I'm a grade eight pupil at Shukoswe Basic School. I'm a double orphan. In our family we are three and I am the first born. Our family consists of two brothers and a sister.

I'm here by applying for sponsorship as stated above, the reasons why I am asking for someone to sponsor me are very simple, as I said in the beginning that I am a double orphan and I can't manage paying for my self. For I have come to know that "education is the key to success." So if I am not educated all my dreams will be demolished.

If I will not be sponsored, then I will remain in the streets and my education will end there.

I will be glad if my application is considered.

Yours
faithfully
Rodgers Bweupe.
