my name is stella maiseye. I was born in 1993 on 11th november. I am a disabled orphan. my father died in 2000 and my mother died in 2004. I live with my sisters and my brothers. we are seven in our family four girls and three boys. my elder sister who is 28, is the one who takes care of us all. She struggles to find food and to pay for our school fees. I will be very happy if you sponsor me in all school needs. I would be very happy to complete my education and get a good job, so that I can help my family and other people. I really want to be someone in life. may god bless you.
