Dear AEP

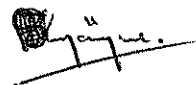

How is life treating everyone there. As for me going to school is all I need.

My name is Lemmy M Sinyangwe and I am a Mambwe by tribe. I am doing grade 11 at Naboye high school and I will be doing grade twelve next year. My hobbies are, knowing new places, reading, playing Volley ball and making friends.

The main point of writing this letter to you is to ask for the sponsorship from the AEP. Your support to me may mean a lot because without anyone's support, my dreams are shattered.

I can be so happy and so grateful if I might be offered a support and be part of you. Hoping to hear from you soon.

Yours Faithfully
Sinyangwe M Lemmy.
